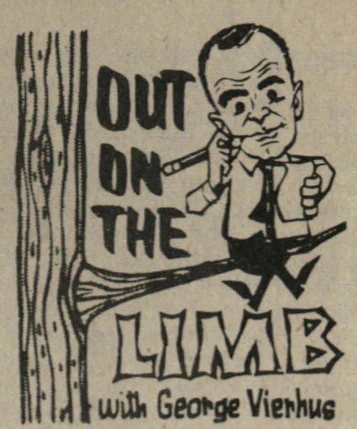
Serving the Hub of the West Valley

Since 1895

Vol. 80 No. 23 Wednesday, June 7, 1972 10¢

378-9136 35 Dillon Avenue, Campbell, California



BACK IN OCTOBER, just after we returned from our vacation, some of you might recall, we were surprised by a group of our friends, some 60 strong, at a luncheon in our honor at the Oak Ridge Golf Club.

The guys and gals who organized the event called it "Lunch with George" and that was the phrase used on the tickets.

We were reminded of that this past week when we received a news release announcing that George R. Reilly, of San Francisco, a member of the State Board of Equalization of this district for 34 years was to be honored at a luncheon in Sunnyvale, organized by his Santa Clara County friends.

Reilly's years of service (he was elected in 1938) makes him the dean of elected state officials and his friends thought he should be honored for this.

It reminded us quite graphically of the special event held in our honor back in October.

You guessed it.

The Sunnyvale affair in honor of George Reilly is called "A Luncheon with George".

Darn old copy cats.

-0-

A NEWS RELEASE mailed recently by the DuPont firm from Palo Alto suggested to us, among other things, that the DuPont people need to update their files a bit.

The release, which reported in detail action by the executive board of the California Weed Conference with respect to Proposition 9, was mailed to "Press, Mr. Lester E. Lafferty, Ed. & Pub., 21 Dillon Street, Campbell, Ca. 95008."

Inasmuch as Lafferty has not been associated with The Press since 1955, it gave us quite a start.

And "21 Dillon" was changed to "35 Dillon" more than 10 years ago.

We grant that we have not had many, if any, direct dealings with DuPont over the years but we still think it was sloppy on their part.

But perhaps we should be more charitable.

Maybe they just don't have the time, personnel or funds available to take care of such things.

-0-

BUT REALLY THE DUPont incident did us a favor.

It gives us the excuse to point out that we acquired The Press 'way back in 1955 from Lester Lafferty, who is one of the finest gentlemen that it has been our privilege ever to have been associated with in business or in any other field.

Campbell has changed a great deal in many ways since those days when Les was at the helm of The Press. In fact, one can count on two hands, or less, the businesses that were in existence when Lafferty was here and are still in operation today.

Lowell Benson's Campbell Cleaners is one of 'em. (Lowell and Skipper have just marked their 34th anniversary of continuous operation in town.)

But anyway, thanks to DuPont, we have had an opportunity to extend our best wishes to Les and his wife, Gladys, in their new home in Oregon.

After quite a spell in Santa Cruz, where they both were engaged in real estate, they recently moved to Ashland, Oregon, where Gladys' son is located.

From what we have gathered, Oregon officials have been frowning on people moving into their state.

Apparently they don't want another California and all the problems that go with it. (Maybe Gladys' son put in a good word for 'em to the governor.)

We are only kidding, of course.

But Ashland, Oregon, is

(Continued on Page 2)

CENTRAL COAST CHAMPIONS---Campbell High on Saturday night defeated Gunn High School 2-0 to win the crown of the Central Coast Section. After winning the West Valley League bunting, the Bucs turned back Piedmont High, 5-0; San Jose High, 4-0 and Riordan High, 5-4 to go into the finals against Gunn.

Pictured are, top row, left to right: Coach Gordon Huntze, Dave Judd, Mike Maniglia, Gordy Hahn, Steve Garrido, Thurl Noonkester, Jeff Mason, Steve Davis, Jim Oswald, George Hahn, and Steve Thompson.

Bottom row, left to right, Joe Ferrari, Kelly Davis, Felix Mancinez, Mike Smurthwaite, Terry Eto and Steve Thatcher.

Campbell High wins central coast championship

Campbell High School won the baseball championship of the Central Coast Section on Saturday night by defeating Gunn High School 2-0 in the San Jose Municipal Stadium.

Kelly Davis, on the mound for the Bucs on Saturday, limited Gunn to one hit while Campbell collected six and scored in the third and fourth innings.

To reach the finals last weekend, Campbell defeated Riordan High School 5-4 on Friday with Steve Garrido doing the pitching.

Garrido had a little trouble settling down and Riordan scored four times in the first inning, on a walk, two errors, a flyout and two singles.

Campbell had scored four times in its half of the first inning on Jeff Mason's three-run homer.

But after that bad start, Garrido settled down and blanked Riordan the rest of the way. The Bucs got the go-ahead run in the third which was enough to put them into the finals. Steve Davis collected a double as part of Campbell's six hits for the contest.

To win the coveted Central Coast Section championship, the Bucs first won their own league crown, West Valley, and then turned back Piedmont High 5-0 and San Jose 4-0 to gain the semi-finals against Riordan.

The win on Saturday was the 10th in a row for Campbell. The Bucs ended the season with a 26-5 record. In the four post-season games, the Campbell pitchers only gave up six hits and four runs. (The four that Riordan scored on Friday night.)

Kelly Davis had a 9-2 record for the season and Garrido 9-1.

In winning Saturday night, the Bucs scored first in the third when Gordy Hahn slapped a double and then his brother, George, brought him home on a hit that took a bad hop of the Gunn's shortstop.

Jeff Mason, who picked up two of the six Bucs' hits for the evening, scored the other run in the fourth after leading off with a single. He went to third on a bunt by Davis and scored on a sacrifice fly by Garrido.

Varsity Coach Gordon Huntz, although blessed with two pitching aces, maintained it was a team effort that put the Bucs on top. In the first two playoff games, the Bucs got eight hits in each contest and made no errors.

Offensively also Campbell was outstanding with Davis leading the parade with a .423 average and seven players over .300.

Kelly Davis, who was named the West Valley League most valuable player, was also named to the all-tourney team along with Steve Davis, Steve Garrido and Jeff Mason.

Group asks Council to leave bell

Campbell's one and only historical landmark, the El Camino mission bell now virtually hidden by tree branches at Winchester and Campbell Ave., should not be relocated to the city's Gomes Park at Alice and Winchester.

A letter on the City Council agenda for the next meeting on Monday, June 12, has requested the Council to leave the bell alone.

The letter is from Mrs. Fred R. Stephens representing the surviving members of the Pundita Circle who were responsible for acquiring the bell in 1912. It was moved to its present location in 1942 on what is now the temporary campus of West Valley College.

Upon recommendation of the Parks and Recreation Commission, stemming from suggestions of various citizen bodies that the landmark should be seen, the Council approved the relocation of the bell to the Gomes Park.

The Council next Monday is scheduled to act on bids for the city's liability, fire and bond insurance premiums that have been submitted and analyzed by Jeff Whittaker, finance director.

Bids have also been received for covering the equipment pit at the rear of the city hall.

Four ordinances are on the agenda for final adoption in-

(Continued on Page 2)

Plaque goes to trustee

In recognition of her 12 years of service as a member of the board of trustees of the Campbell Union (elementary) District, Mrs. Eleanor Graham-Armstrong was the recipient of a plaque at the last board meeting.

The plaque is awarded by the Santa Clara County School Board Association to board members who have served that length of time. Mrs. Graham-Armstrong was elected to the board the first time on September 28, 1959.

Trustee Ralph Steinberg made the presentation.

MONEY IN BUDGET?

Status of Campbell's county library causes city concern

Although the budget report for the County Library District submitted last week by George Farrier, county librarian, indicates that the new county library in Campbell will open in August, 1973, city officials have expressed concern over some of the complicated fiscal questions that still remain unanswered.

Still to be settled is the question of how the expanded library (from the original proposal in 1967) that is to be built by the City of Campbell and then leased to the county library system is to be financed.

In 1967, a $400,000 bond issue was approved by the voters of the city to build a 12,000 square foot library as part of the new city hall.

Subsequently, a federal grant of $200,000 was made available for the library, provided the structure was expanded to 24,000 square feet.

This necessitated the City of Campbell acquiring additional land across the street from the new city hall for the expanded library. The land was purchased from the bond funds.

Because of the land acquisition and other costs, only about $170,000 remains in the library bond funds and just the preliminary plans for the library have been approved.

Thus what concerns the city officials is where the funds to build the expanded building are going to come from. And what further bothers them is that no provision apparently has been made in the county library budget for this in the 1972-73 year.

FUTURE YEAR

However, under "future-year cost increase schedule" related to the immediate future library improvement program, a breakdown for the Campbell library addition (open, August, 1973) is listed:

"1. staff, $85,548; 2. operating costs, $15,000; 3. lease payment, $159,757; 4. funds for enlarged building, $265,000" for a total of $525,305."

It is also noted that the lease payment of $159,757 reflects bond service charges from 1968-69 through 1973-74 but not due and payable until the building is occupied. It also specifies that $100,000 of the $265,000 for the enlarged building has been expended for unanticipated land acquisition.

The future costs also include $57,501 for furnishings of the Campbell library.

LIBRARY SERVICE

The County Library system provides service to the residents of the unincorporated areas of the county and to the cities of Campbell, Cupertino, Gilroy, Los Altos, Los Altos Hills, Milpitas, Monte Sereno, Morgan Hill and Saratoga.

The new Morgan Hill library is scheduled to open in December of this year. The Morgan Hill facility of 14,000 square feet replaces the present 3000 square foot building.

A new 13,000 square foot Gilroy library, replacing a present 1700 square foot building, is scheduled to be in February, 1973.

Both of these libraries have been built by the cities concerned and the lease payments by the county will cover the proportionate share of construction bonded indebtedness with each city.

A similar program is to be followed in Campbell.

NECESSARY

The budget report of the

CAMPBELL ELEMENTARY

District seeks applicants for business manager spot

Although no official announcement has been made by the trustees of the Campbell Union (elementary) School District as to the retirement date of C.E. Bradley, business manager of the district since 1952, it was reported this week that the district is now advertising for applicants for the position.

A regular meeting of the trustees will take place this Thursday, June 8, in the administration office at 7 p.m., but nothing pertaining to the business manager situation is listed on the prepared agenda.

However, in Frank Freeman's column in the San Jose Mercury on Tuesday of this week, it was reported that Bradley is retiring at the end of this calendar year.

According to the advertisement of the job opening for the Campbell district, the deadline for applications is June 23, 1972. The salary listed is $23,263 to $26,365.

Based on the results of the bid opening on Tuesday (June 6) for the addition to the Quito School, the trustees are expected to award the contract for the school this Thursday.

Bids for resurfacing blacktop areas of various schools in the district are also scheduled to be opened on June 21 and the contract awarded at the next board meeting on Thursday, June 22.

Recommendations of the PPBS steering committee, headed by Ken Meinecke, which failed to get a board majority at the last meeting, will again be on this Thursday's agenda with an additional report by Superintendent Jim D'Avis.

NEXT TUESDAY, JUNE 13

Council to act on fire "consolidation"

Concerned residents and business leaders of the community, who maintain that the City of Campbell should maintain its own fire department for the best interests of the citizens, are expected to make their feelings known at the informal hearing on the question next Tuesday, June 13.

The hearing has been called by the City Council for 7:30 p.m. on the matter that stems from a directive originally issued by the Council last year to City Manager Bob Stephens to determine the feasibility of consolidating the Campbell Fire Department with Central Fire District.

A comprehensive report issued by Stephens last October concluded that after a research of all phases of the situation it would be to the city's advantage to continue to maintain its own department rather than consolidate.

However, the City Council, because of other conflicting matters, has deferred action on either the basic question or the city manager's report until next Tuesday, June 13.

Mayor Bill Podgorsek indicated this week, however, that he expects to call for a Council vote on the issue next Tuesday at the close of the hearing.

Strongly favoring the consolidation with Central Fire District have been officials of that district and members of the AFL–CIO fire fighters local of Campbell.

Chief Curtis J. Kirby, of Central Fire District, who has issued written statements attempting to refute the arguments presented by the city manager, has been invited to orally present his arguments at the hearing next Tuesday. Stephens also is slated to review his report.

A citizens' committee was being hastily formed this week to combat any move to consolidate and spokesmen are expected to be on hand to present their reasoning next Tuesday. Committee members urge all interested citizens to attend the hearing and be heard.

Members of the fire fighters' union, who are taking an active part in the "pro-consolidation" movement are also expected to be present.

APPROVE AMATO SUBDIVISION

Commission defers action on 130-unit senior citizen plan

Action on a proposed 130-unit apartment complex, mainly for senior citizens, was deferred for a month by the Planning Commission Monday night while a 82-lot single-family subdivision on the Amato property was approved.

The proposed senior center plan was submitted by Bethel Church and would be located on a triangular 4-acre parcel off El Patio between the railroad and the freeway. Entrance to the development would be by right-of-way off El Patio.

RESIDENTS OBJECT

In a letter from Mrs. Edna Morley, of 649 El Patio Dr., which was co-signed by 13 other residents in the immediate area, objections were raised as to the height of the proposed buildings (four-story), the density of the development (30.6 units per acre), and the heavy traffic that would be generated onto El Patio and Poplar.

Mrs. Morley also pointed out that 75% of the residents in the immediate area are over 60 and this section of town had been a quiet and peaceful neighborhood for many years.

The commissioners expressed concern over the lack of accesses to the development other than from El Patio. The plans call for two accesses on that street. And they questioned the need for four-story structures.

Representatives of Bethel Church told the commissioners that their planning was flexible and they would be willing to work with the city in overcoming many of the objections.

It was emphasized that traffic flow on the streets was not expected to be heavy because senior citizen complexes had fewer cars and, in addition, the church was planning to operate "mini-busses" for the tenants.

It was also explained that efforts had been made to get a crossing over the railroad tracks onto Salmar but that the SP and PUC frowned on such a project.

Commissioner Myron Alexander suggested that the city should work with the developer in obtaining such a crossing and the staff was directed to do so. Alexander emphasized the importance of the need for better ingress and egress to the complex and felt that pressure should be put on the railroad and utility commission.

During the next month, Planning Director Art Kee and City Attorney Bob Dempster were directed to work with the developers in an attempt to modify the proposal to meet the objections that had been raised.

SUBDIVISION

In contrast to the many stormy sessions that had been held during the time Dura Style Homes had attempted to gain approval of a single-

(Continued on Page 2)

WARMING UP--Ed Fabbri, right, manager of the Campbell branches of Bank of America, who two years ago "won" the trophy in the Chamber of Commerce golf tournament but lost the "honor" last year for the "worst golfer", gets some "pointers" on how to best regain his laurels in the tournament taking place this Friday.

Giving advice are from the left, Len Edholm, CofC manager; Holly Vollenweider, committee member, and Ira Kirkorian, general chairman for the fourth annual tourney. Kirkorian holds one of the many trophies that will be awarded.

To date approximately 70 golfers of varying degrees of skill have signed up for the fourth annual CofC golf tournament that will be held at Oak Ridge (on Cottle Road) this Friday, June 9. Blast off time is 12:30 p.m. It will end with a social hour and award barbecue. Registration which ends Thursday can be made by calling the CofC office 378-6252.

Editorial

Against consolidation

'Way back in November, 1971, this newspaper published an editorial concerning the feasibility of consolidating the Campbell Fire Department with the Santa Clara County Central Fire District.

The Campbell Press concluded that the best interests of the citizens of Campbell would be served by this city retaining its own department.

This conclusion was made after an intensive and extensive study had been made of the situation by the city manager.

In a 24-page report to the City Council, City Manager Bob Stephens delved into every facet of the consolidation question and by chapter and verse proved to our satisfaction that the City of Campbell could best serve its citizens, economically and otherwise, through its own fire department rather than become a part of the county system.

Naturally those who had advocated the consolidation approach vigorously opposed the city manager's point of view.

They attempted to "prove" that the city manager was prejudiced and had "closed the door to a study of consolidation."

At the time we resented those implications suggested by the officials of the Central Fire District. We believed then, and we believe now, that City Manager Bob Stephens had painstakingly researched all aspects of the situation and had come to his conclusion based on factual information.

And we think this point should be made clear.

The city manager of the City of Campbell is entrusted with the responsibility of administering this city to the best of his ability and for the best interests of the citizens.

Stephens has been city manager of Campbell since February, 1964.

In that time it has been proved time and time again that his one aim has been to operate the city efficiently, economically and to the best interests of its citizens.

His integrity is unquestioned and his sincerity and dedication are a matter of record.

His comprehensive feasibility report on consolidation answered every argument of those who favored it and came to a basic conclusion that it was better to operate our own department.

We submit that we have conscientiously reviewed the report of the city manager and the so-called "rebuttal" of those who favor consolidation.

We submit further that the report of the city manager has again proved to us that his primary objective has been what is best for the city.

So we reiterate, based on all the facts that are available, it is to this city's advantage to continue to operate its own fire department.

The study on "consolidation" has been before the City Council for some time.

On Tuesday, June 13, the City Council will meet in an adjourned session to discuss all aspects of the situation. The entire meeting will be devoted to that one subject.

We urge those interested in the welfare of their city to attend this meeting and make their feelings known.

It is only fair to report that members of the AFL Union of the Campbell Fire Department (Local 1939 IAFF AFL-CIO) are urging the City Council to take steps to enter into consolidation negotiations with the Central Fire District.

The firefighters union has favored consolidation by an overwhelming vote.

The members have embarked on a vigorous "selling campaign" to convince the citizens that "consolidation" is the way to go.

Obviously there is no legal obstacle in the way of the firefighters union making their position known.

But it raises a few questions.

Are the firefighters trying to tell us that our city manager (and theirs) is wrong in his conclusion that the best interests of the city will be served by retaining our own department?

Are they saying that the city manager's research and answers mean nothing?

Are they saying that we should not have confidence in the city manager because he does not know what he is doing in this instance?

And, finally, does consolidation mean higher pay for the firemen?

just darn lucky to get the Laffertys.

They don't come any better.

-0-

ONE OF OUR READERS enclosed a clipping of Arthur Hoppe's column in the San Francisco Chronicle of May 29 entitled "Be Honest With the Dead."

In the column, Hoppe took aim on the politicians and bureaucrats who on Memorial Day mouthed stereotyped tributes to the nation's war dead.

Hoppe was bitter in his column and, after claiming that the old hackneyed phrases about "in glorious cause", etc., were lies, specified what he considered the real reasons why the soldiers died.

Hoppe concluded with the claim that maybe the men did not die in vain because the nation has at last admitted Vietnam was a tragic mistake and that our leaders, because of it, will hesitate a long time before they lead us into such a war again.

Whether or not one agrees with Hoppe's philosophy is not our point. We frankly admit we are quite confused about the situation.

But the note to us from H. E. Thompson, who enclosed the clipping, confused us even more:

"Dear Mr. Vierhus: I agree with the enclosed article. And it is obvious that the city fathers of Campbell do, also.

"On this day (Memorial Day) they seemed to say, 'The hell with it,' by not even flying a flag on that beautiful new city hall.

"Respectfully yours, H. E. Thompson."

-0-

IT IS DOUBTFUL THAT not flying the flag at the city hall on Memorial Day had anything to do with philosophy.

More likely it was because no one was around to put it up.

As a matter of fact, we are not sure if the flag was flying on Campbell's only other public building that day, the post office.

On holidays, when everyone is off, it does present some problems, we admit. There is that question of overtime.

But by planning ahead, maybe somebody will be around on the Fourth of July to do the job.

On their own time, of course.

-0-

IT IS SURPRISING HOW many little items we use in this column that stem from the mail we receive at the office.

As we have pointed out previously, there are times we don't have to open the envelope to find some trivia with which to bore you.

As a f'instance, a letter recently was addressed to the editor of The Campbell Press with the proper post office box and zip code numbers, but it showed Santa Clara instead of Campbell.

When we got it without any delay, "Campbell" in Campbell Press and the zip number had been circled. Santa Clara had been crossed out and "Campbell" written in.

Before the advent of zip numbers, the letter probably would have been returned to the sender.

That speaks well for the old zip, despite examples some of you may have heard to the contrary.

-0-

NOT BEING A TRAFFIC engineer, naturally, we can scream about the horrendous traffic problems that exist in various parts of town and suggest that something should be done about them. Now!

Of course, not being a traffic engineer has its advantages.

The solutions we offer may be impractical as the very dickens.

But we don't have to worry, that's not our problem.

Anyway, what we are trying to say is that we were caught in a traffic jam on Campbell Avenue in "downtown" Campbell at high noon the other day and we felt like climbing the walls.

Except there were no walls we could get to.

All we were trying to do was to make a left turn from Harrison onto Campbell Ave.

We never did.

We ended up by elbowing into the right lane and then turning left on Central and crossing the Sunsweet right-of-way to get to our office on Dillon.

When we dismounted at our joint, it was still bumper to bumper on Campbell Ave.

But there are other worse spots in town.

If you have a couple of hours of spare time, we will tell you about 'em.

Tune in next week.

MORE ABOUT

Commission defers

(Continued from Page 1)

family town house complex on the Amato property, the approval of the 82-lot single-family subdivision Monday night was gained without controversy, although a large delegation of residents in the area was on hand.

Two plans were presented. One allowed for entry onto Campbell Ave. by an extension of Jane Ann Way. In the other plan cul-de-sacs backed up to Campbell Ave. The fire department had recommended the entry on to Campbell Ave. as necessary for fire service and that was the one adopted. The residents in the area also indicated they preferred the adopted plan.

CLUBHOUSE

In a policy matter, the Planning Commission by a unanimous vote indicated that the proposal submitted by James B. Briner who is purchasing the Country Woman's Clubhouse at 274 E. Campbell Ave., showed less intense use than what had been in existence.

Briner submitted that he plans to continue with renting a portion of the building for public use and would use the rest of it for vacuum cleaner sales and service operation.

OTHER ACTIONS

In other actions, the Commission:

APPROVED the plans of Hazerjian Bros. Realty for a carpet outlet at 455 E. Hamilton Ave.

APPROVED plans for Warren J. Mapes for a warehouse at 581 Division.

APPROVED a one-year extension for the Fred Chez development on Pollard Road.

RECOMMENDED a zone change from CM:B-80 to CM:B-40 for Grover Risner at 1400 Dell Ave. and from R-1 to P-O for Delton Perry at 131 E. Hamilton. Several residents in the area questioned what effect the zone change on E. Hamilton would have on the assessed valuation of their properties.

Chairman Dale Scott explained that the county assessor had the sole assessing authority.

APPROVED a sideyard variance for Mr. and Mrs. Thomas L. Holmes at 1100 Monica Lane.

CONTINUED approval of the landscape plan for the new Federated Department Store at 600 E. Hamilton, also continued for 30 days was action on the plans for a proposed residential building on a 2600 square foot lot at 313 Grant Ave. in the civic center zoning district. During the 30 days, Nolen was requested to contact the city to see if the city-owned lot next door could be acquired.

MORE ABOUT

Library

(Continued from Page 1)

County Library also includes some items that "are absolutely necesary to cover obligations for 1972-73."

This list shows rent for Campbell at $9,240.

It also shows that $3000 is needed for rent for six months for the present Morgan Hill library and $69,028 for the new building. It also shows $118,675 for payments to Gilroy.

The report also shows that funds are needed to rent the three branch libraries maintained in Milpitas and two in Saratoga as well as in the other areas that are served by the district.

MORE ABOUT

Group asks

(Continued from Page 1)

cluding the repeal of the zoning ordinance for the Amato property and ordinances prezoning and annexing approximately 50-acres off Union Ave.

Two appeals from Planning Commission rulings are also before the Council. One appeal is from Gina Inc. that was turned down for a zone change that would allow six four-unit apartments at 665 Division.

The other appeal is from Vincent Talluto whose request to allow rental vehicles at his service station at Winchester and Latimer was rejected.

Final action is also scheduled on the P-D zoning request of Jack Trimble at 75-81 Dillon. Trimble plans to construct a warehouse. The zone change request of Ben Smith from CM:B-80 to CM:B-40 on Division St. is also up for Council approval.

Board considers salary raise

West Valley College teachers are requesting a 5.5 per cent increase in salary for regular contract faculty, a salary increase of the summer school pay factor to 80 per cent and the adoption of a professional growth and development plan.

The classified staff is requesting a four per cent cost of living increase, a revised vacation policy to enable the 15-year employee to receive 20 days of vacation, a growth incentive plan, and a night shift differential.

Compromising, administration recommends a 3.18 per cent salary increase for both classified and teaching staff. In addition, the administration is recommending the board grant the requests of the groups regarding the hourly increase for teachers, the increased summer school pay factor and the classified vacation policy.

All groups have proposed to maintain the current level for fringe benefits.

The administration is further recommending that a joint faculty-administrative task force be set up to formulate a proposal for a professional growth incentive plan, and that a classified-administrative task force be set up to formulate a proposal for a classified growth incentive program.

Cost of the administrative proposal for certificated personnel would be $114,218 for the contract faculty and $30,973 for the hourly faculty. The classified salary increase would total $53,978.

Formal presentation of the proposals by certificated, classified and administrative personnel will come during the board's special budget meeting set for June 8 at 7:30 p.m.

The board has indicated it will not take action on the salary proposals until its regular June 15 meeting.

Students garner college awards

A number of entering and continuing West Valley College students were honored at a scholarship awards assembly in late May.

Entering students receiving scholarships included:

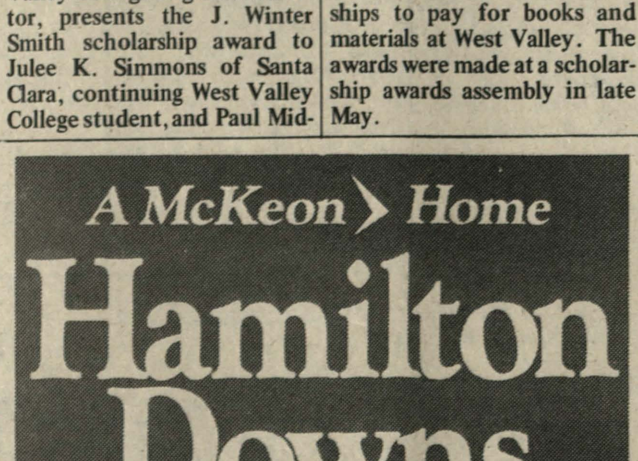
Blackford High: Mary La Flaur, Westgate Rotary; Sharon Omori, WVC Faculty Women and Wives; and Guillermo Posada, West Valley Kiwanis Club;

Campbell High; Patricia Lynn Carlino, Dr. E. Thomas Perry Memorial; Melanie Fujishin, Campbell Kiwanis Club; Duane S. Jolimay, Campbell Rotary Club; and Paul Middleton, J. Winter Smith;

Prospect High: Nancy Witnauer, Westgate Rotary Club;

Westmont High: John Fereira, West Valley Kiwanis Club; Susan Hollis, Westgate Rotary Club; and Dannv Overs, Jack Fischer Memorial.

Those continuing students at West Valley receiving scholarships from Campbell are Richard A. Garcia, WVC Associated Students; Orve Goldkuhl, Campbell Rotary Club; Anna Marie Governanti, WVC Faculty Women and Wives; Clement Lo, UC-Berkeley; and Ramon J. Perez, Los Amigos.



SCHOLARSHIP RECIPIENTS—Gene Mounteer, West Valley College English instructor, presents the J. Winter Smith scholarship award to Julee K. Simmons of Santa Clara, continuing West Valley College student, and Paul Middleton, a graduating senior at Campbell High School. The students will use their scholarships to pay for books and materials at West Valley. The awards were made at a scholarship awards assembly in late May.

Letters to the Editor

BUSINESS MANAGER?

Dear George:

Many are confused by the inaction of the board in settling the status of the Business Manager. Is the board planning to employ two business managers? I submitted the following letter on the subject to the board this week which I thought would be of interest to you.

Gordon Abbott

Dr. Richard MacQuiddy, President & Members, Board of Trustees, Campbell Union School District, 155 N. Third St., Campbell, California.

Dear Dr. MacQuiddy & Members of the Board of Trustees;

It is understood that the Campbell Union School District has announced that there is an opening for a Business Manager in the district. The deadline for applications is June 23, 1972.

As an interested parent in the district I would like to know the termination date of employment of the present Business Manager, Mr. C.E. Bradley.

Sincerely,
Gordon Abbott

FAVORS CONSOLIDATION

Dear Mr. Vierhus:

This letter and attached signed ballot is to reaffirm the position of the Campbell Fire Fighters of the City of Campbell concerning the issue of consolidation of the Campbell Fire Department and the Central Fire Protection District.

The overwhelming majority of Fire Fighters, with only one dissenting vote, strongly urge the City Council to pursue the concept of consolidation of fire services. We believe that there are real monetary savings to be gained, and most important, gains in efficiency and reserve fire fighting strength which means increased protection for all citizens in and around the City of Campbell. These gains can mean the difference in property saved or lost, in lives saved or lost.

The citizens of Campbell and surrounding areas need greater reserve fire fighting forces, we need additional engine companies and we vitally need ladder truck service.

Consolidation will provide these necessities without placing additional tax burdens on the citizen.

Please do not be misled into believing that "mutual aid" or "mutual response" pacts are the answer to the above listed needs. The other jurisdictions providing aid have no obligation to protect the City of Campbell.

Their needs will come first and rightly so. They will provide equipment only if available. They have no obligation to "move-up" equipment into stations they might empty on other calls to protect our city. Also, be aware that with these pacts, Campbell equipment is now responding into an area of approximately 9.5 square miles, an area greatly increased over the 4.5 square miles composing the City of Campbell.

The Campbell Fire Fighters urge the City Council to take steps to enter into consolidation negotiations with the Central Fire Protection District in order that a solid consolidation proposal can be formed, with answers to questions which cannot be determined without such negotiations.

Sincerely,
Michael Johnson
President, Campbell Fire Fighters
Gerald A. Eller
Chairman, Committee on Consolidation.

SGT. ALLEN FINK WINS BRONZE STAR

Army Sergeant Allen L. Fink, 25, son of Mr. and Mrs. Roland L. Fink, 175 Shelley Ave., Campbell, recently was awarded the Bronze Star Medal near Da Nang, Vietnam.

He was presented the Bronze Star Medal for distinguishing himself through meritorious service in connection with military operations against hostile forces in Vietnam.

PHARMACY PHACTS

By Allan Blaine

Tip to dieters: a recent study has found that on a calorie-to-calorie basis, sugar is quite a bit more fattening than starch.

* * *

One reason so many people die from heart attacks is because they fail to recognize the symptoms and seek help in time.

* * *

Any child inoculated against such infectious diseases as smallpox, polio, measles and diphtheria will need follow-up booster shots at regular intervals.

* * *

More than 200,000,000 prescriptions for drugs to ease anxiety, frustration, agitation and depression are filled each year.

* * *

The University of New South Wales, in Australia, reports a high degree of success in treating a group of alcoholics with electric shocks.

* * *

When your doctor prescribes the best, we do the rest, at

4H CLUB

PAPER DRIVE

By Clare Carlson

Richard Zurlo of El Sereno 4-H Club was second runner-up in the countywide 4-H National Citizenship Short Course. He is going as one of Santa Clara's two representatives to Washington, D. C.

Paper bins have been set up at West Valley College and Argonaut Shopping Center. All contributions of old newspapers will be appreciated.

Proceeds of the paper drive will go toward financing Richard's trip.

There will also be a Hike-a-thon at Mt. Madonna State Park on Sunday, June 18. Fathers and families are urged to come for the hike and barbecue afterwards. (Minimum hike, 10 miles.) Watch papers for more details.

NEW OFFICERS

El Sereno 4-H has elected its officers for the coming year, beginning in September.

The officers are: Lewis Zurlo, president; Randy Cone, Vice-president; Clare Carlson, secretary; Trisha Cone, treasurer; Michelle Lauer, reporter; Lorraine Carlson and Susan Snouse, recreation-song leaders; Gaile Greene, corresponding secretary; Mark Lauer, supplies chairman; and Adele Carlson, historian.

The following reports were given: box lunch social by Richard Zurlo; Father-Son event by Glenn Greene; family picnic by Libby Hill; dress review by Beth Snouse; Mother-Daughter Tea by Julie Herman; community service by Dorothy Keefer and Share-the-Fun by Lorraine Carlson.

El Sereno's Share-the-Fun skit, "The Ghost of Potlucks Past," was one of the six gold winners of the County, with Donald Duffin in the role of the ghost.

Winners of the baking contest were (for the girls): first, Michelle Lauer; second, Amy Renner; (for the boys): first, Lewis Zurlo.

YWCA offers dance course

A six-week course in Afro-Caribbean Dance will be offered for the first time by the San Jose YWCA on Monday evenings, starting June 19, according to Lois Cullison, executive director, who said registration is open at the YW, 210 South Second, San Jose.

The class, open to men and women, will be taught by Annette McDonald, San Jose State instructor who has done dance research in the West Indies, Trinidad, and Ghana.

Classes will last from 7:30 until 8:30 p.m. For additional information, phone the YWCA.

Groups installs at luncheon

An installation luncheon will be held by the Cambrian Homemakers at 11 a.m. on Wednesday, June 14 in the Royal Fork Restaurant, 1730 W. Campbell Ave.

New officers for the Homemakers include Mrs. Ellison Hoey, president; Mrs. Harold McConnell, vice-president, Mrs. John Scarpace, secretary; Mrs. Zeno Hallett, treasurer; Mrs. William Faulkerson, telephone and Mrs. Henry Lee, program.

Others being installed by Mrs. Eugene Riggs include Mrs. John Crist and Mary Lou Crist, kitchen; Mrs. Ralph Gray, sunshine and Mrs. Thomas Edwards, publicity.

Club to make mini-gardens

Succulent dish gardens will be made by the Campbell Garden Club at 10 a.m. on Wednesday, June 14, when they meet in the home of Mrs. Henry Blahm, 1795 Regina Way.

Members will need plants, and small containers to make the gardens for children at Agnew hospital, as well as a bag lunch to munch while they work.

Horticulture will be discussed at the meeting by Mrs. James Hartman. For further information on the meeting phone 295-4587.

Some of your friends and neighbors have received Jesus Christ as their personal Savior, Lord and Friend.

The worshippers at The Campbell Assembly of God, 1870 Winchester Blvd., wish to recommend Him to you as well.

Cougars Corner

by Alan Carmain

C.L.E.A.N.

Camden High has recently set up an Ecology Club which is called "The Camden High Ecology Club," and/or C.L.E.A.N. which stands for Concerned Lively Ecologists Acting Now.

The club has adopted a constitution which has six articles in it. They list and briefly discuss such things as the name of the club, its purposes, meetings, membership, attendance, and officers.

All officers are to be elected yearly by the members of the club and shall include: president, vice-president, secretary and treasurer.

SUMMER TEEN CLUB

Membership cards are currently being sold at Camden High for the Summer Teen Club for $1.50 if bought before school and $2 if bought after school lets out.

The teen club will be involved in such activities as dances, bowling, bicycling, barbeques, and various trips to San Francisco and the beach.

Different committees will be set up to organize these activities, and the volunteers of each group will elect officials.

The teen club will be open at school from 6-10, Monday, Wednesday, and Friday. The teen club is being run by Ray Andree this year.

CLUBS UNITE FOR CLEAN-UP

It was recently announced that the recycling center at Camden High School will be open during the summer.

The students in the summer teen club are helping out with the center as will be some Ecology Club members.

Organized committees will be set up to operate the center, however the time the center is to be open in the summer is not yet decided.

The Recycling Center accepts glass jars and bottles (clear, brown and green), tin cans, bimetal cans and aluminum cans.

NEW SCHOOL LEADERS ELECTED

Newly elected ASB president for the fall of 1972 is Jim Pope. Vice-president is Carolyn Utzerath and other recently elected members of student council are Alan De Shields, Joe Walters, and John Yegge.

Class elections went as follows: Senior class: Orval Osborne, president; Robbi Thornburg, vice-president; Sunya Schlichting, secretary; Jeff Teeple, treasurer and Lisa Johnson, senior class sgt. at arms.

New Junior class officers are: Paul Chaplin, president; Fritz Moga, vice-president; Carol Wilkins, secretary; Valerie Toohey, treasurer and Paula Snyder, sgt. at arms.

Sophomore class officers are: Michelle Scnz, president; Vicki Johnsen, vice-president; and Duane Robson, class treasurer.

SPRING SPORTS BANQUET

Camden High held their spring sports banquet last month, May 25, in the Camden cafeteria.

Listed on the night's agenda were in order of presentation, baseball, golf, swimming, tennis and track.

Presenting the awards were: Mr. Holland, Mr. Matulich, Mr. Roach, Mr. Stiles and Mr. Woods.

Receiving trophies in baseball were Rick Asiveto, outstanding Frosh-Soph player, Tino Rodriguez, varsity leading hitter and John Bridgeman and Dave De Long who were awarded most outstanding varsity players.

Golf trophies went to Ralph Parsons, team captain, most points earned went to Kim Perry and most consistent went to Jim Billmiar.

Awarded trophies for swimming were Kim Watson, varsity team captain, Larry Stites, J.V. team captain; Troy Pipes, freshman team captain and Todd Hancock, most valuable swimmer to the Camden squad.

Getting trophies for tennis ability were Jeff Addington, most valuable; Simon Wong, most improved and Greg Addington, most improved J.V. player.

Highlights of the evening were when Tino Rodriguez was awarded the Outstanding Senior Scholar Award and when Mike Coffaro was awarded a signed card and an electric typewriter.

Mike has been very active helping out the different sports teams during his four years at Camden. When Mike was awarded or rewarded he received a two minute standing ovation.

Receiving awards for their outstanding efforts in track were Vic Bialkowski, most valuable freshman; Dave Jefferson, outstanding J.V. miler; Rick Davis, outstanding varsity field man and Bob Holmes, outstanding track man.

SIGNING OUT

This is the last Cougars Corner column this year and I would like to say a few things before I sign out.

Ever since I started writing this column the people I'm involved with, mostly my "adviser", Mrs. Howe, Campbell Press office manager, has put up with me, turning the column in late and all the scattered misspelled words.

The Campbell Press has, however, accepted all that I have turned in, and printed every picture that I have submitted.

I feel that the Campbell Press has allowed me plenty of column inches or writing space and I would like to thank them for it.

I also believe that I have put this space to good use in trying to inform the readers a little more about my school, Camden High and what is happening there.

I would just like to extend my thanks to those who were involved with my column and any pleasure or information they may have gotten from it.

Thank you.

Warrior Wrap-Up

by Ellen Carrico

HONORS AWARDS NIGHT

Westmont's Honors Awards Night will be held tonight at 7:00 in the cafeteria. Ed Long will be the master of ceremonies.

Awards will be given to those students who have performed outstanding services to the school and those who have excelled in a particular scholastic field, (Math, English, etc.).

Also, special awards, such as the Bank of America Award, will be presented. The respective department heads will present the awards.

FAREWELL RALLY

At a rally held during lunch last Thursday, the '71-'72 Spirit Commission said their farewells to Westmont, while presenting the new Spirit Commission for next year.

This was the last performance by Satin Dolls, Flag Girls, Letter girls, Song Girls, and Cheerleaders this year.

Mascots for the '72-'73 school year were announced at the rally. They are Paul Macierz and Kellee Hamill.

Lettergirls for next year will be Cathy Alexander, Sylvia Chou, Raylene Cupps, Mary Jo Kane, Gayle Kitchen, Linda Lund, Nancy McGill, Katie Riggle, Sheri Tounger and Margaret Van Klavern.

New song girls are Lori Barbano, Patti Borello, Robin Johnson, Mary Miano, Renee Thomas and Mary Jayne Ybarra.

Chosen as next year's varsity cheerleaders were: Vickie Athearn, Nancy Gerth, Kari Napier, Monica Saska and Margaret Skarmes.

Next year's frosh-soph cheerleaders will be Ellen Lyman, Winnie Romero and Maureen Tomaino.

Spirit Commission's advisor is Mrs. Marnie Marr, a home-ec teacher at Westmont.

YEARBOOKS

This year's yearbooks were distributed last Monday. In order to have extra time to have their yearbooks signed, a picnic was held on campus. Live music, swimming and volleyball were a few of the activities delighting the participants of the picnic.

GAA

Westmont's Girls Sports Banquet was held last Thursday in the cafeteria. Old cabinet members were present to introduce next year's cabinet. Old members were the following: Renee Cote, Commissioner; Diana Paige, vice-commissioner; Kathy Dunn, secretary; Theresa Doffing, treasurer; and Ellen Carrico, points manager.

Selected as next year's new cabinet were: Diana Paige, commissioner; Kris Jensen, vice-commissioner; Kathy Dunn, secretary; Yolanda Figueroa; treasurer; and Marie Alberry, points manager.

Also, outstanding senior, junior and sophomore in Girls Sports were announced. Renee Cote was chosen as outstanding senior, Diana Paige as outstanding junior and Christina Zarate as outstanding sophomore.

COMPLETES BASIC

Army Private Anthony J. Gangitano, Jr., 19, whose parents live at 3710 Century Dr., Campbell, has completed eight weeks of basic training at the U.S. Army Training Center, Infantry, Ft. Polk, La.

Pvt. Gangitano is a 1970 graduate of Campbell High School.

SAFEWAY DISCOUNT for the BEST GROUND BEEF
Safeway Ground Beef Is Made To Be The Best In Town
The fresh morsels of beef which flow from our meat grinders are juicy, tender and filled with flavor. We keep the grinder blades razor-sharp so they cut the meat, keeping flavorful juices inside each tiny piece assuring you the BEST tasting ground beef every time . . . we guarantee it!
. . . 4 different grinds to choose from, one to satisfy every taste . . .
REGULAR GROUND BEEF This grind has a higher fat content than the others. Many customers prefer it not only for the low price, but for the flavor and juiciness, it delivers. Lb. 69¢
LEAN GROUND BEEF The same as our regular ground beef excepting for a lower fat content which gives it less shrinkage in cooking. Like the regular grind, it has lots of flavor. Lb. 92¢
EXTRA LEAN GROUND BEEF Leaner than our lean ground beef. For people who find it necessary to watch the calories or prefer a leaner-tasting beef. A nice beefy flavor. Lb. $1.01
SUPER LEAN GROUND BEEF Even leaner than our extra-lean ground beef. Not as much shrink as the other grinds, but delicious and extra satisfying to the hearty beef eaters. Lb. $1.25
. . . Quality Always Comes First At Safeway Discount!

Items and prices in this ad are available from June 7, thru June 13, at the Safeway Stores listed below:

Awards presented to St. Lucy's grads

Thirty-eight St. Lucy's School students received eighth grade graduation diplomas Sunday at St. Lucy's Church in afternoon ceremonies.

They were: Lisa Anne Ambrosini, Thomas Jeffrey Beck, Timothy Michael Bertaldo, Curtis Edward Boothe, Laurie Marie Burdick, Denise Campbell, David Michael Campos, Jeffrey Paul Casalegno.

Thomas Albert Chivers, Denise Lorene Doetsch, Susan Lynn Dudock, Douglas Martin Farnham, Paul Feasby, Eva Marie Garcia, Debra Jean Hawkins, William Joseph Hennessey, Alan J. Kane, Randolph Conrad Kay.

Roy John Lanoie, Michele Marie LaRocca, Frank P. Lograsso, Jr., Christopher Maier, Maryellen Malane, Deborah Patrice Marino, Margaret H. Matthews, Anthony Stanley Montalbano, Maureen Anne Morgan.

Alfred Charles Murabito, Jr., Andre Carl Raiche, George P. Reilly, Paul Edward Richard, Clare Therese Richardson, Kathleen Anne Seebach, John Henry Uht, Daniel Dale Wenzel, Robert J. Williams, Kathleen Diane Wischmann, and Frank Minor Ybarra, Jr.

EXCELLENCE IN STUDIES--Four St. Lucy's students received awards for excellence in studies at their graduation exercises last Sunday. Left to right are Andre Carl Raiche, Paul Feasby, Robert Williams and Curtis Boothe.

RELIGION--Paul Edward Richard and Maureen Anne Morgan were presented with religion awards at St. Lucy's graduation exercises Sunday.

AMERICAN LEGION --- Andrew Carl Raiche and Michele Marie LaRocca were presented with American Legion awards at graduation exercises for St. Lucy's students in the church on Sunday.

AWARD WINNERS --- Paul Feasby, left, and Kathleen Wischmann, were awarded the Knights of Columbus and Y.L.I. awards presented at graduation exercises of St. Lucy's School.

SCHOLARSHIP---Winners of scholarship awards presented by St. Lucy's Mothers Guild were Michele LaRocca, Alfred Murabito and Paul Richard. The presentations were made during Sunday's graduation of 38 St. Lucy's students.

MEMBER THE ORDER OF THE GOLDEN RULE

By arranging the funeral in advance, you make certain that services will be carried out according to your wishes; and your family will be freed from the strain of making these arrangements themselves.

LEGAL NOTICE

ADVERTISEMENT FOR BIDS

Notice is hereby given that the Governing Board of the WEST VALLEY JOINT COMMUNITY COLLEGE DISTRICT, 44 East Latimer Avenue, Campbell, California, hereby calls for sealed proposals for the furnishing of all labor, materials, transportation and services, including all utilities and related site work requried for the construction of:

UNDERGROUND ELECTRICAL SERVICES FOR BUSINESS DIVISION - STUDENT PERSONNEL AND ADMINISTRATION BUILDING

All proposals must be on a lump sum basis. Segregated proposals will not be accepted.

Bids will be received by the Governing Board at 44 East Latimer Avenue, Campbell, California 95008, on June 15, 1972, at 2:00 P.M.

Proposals received after this time will be rejected and returned unopened.

Drawings and Specifications may be obtained at the Architects' Offices at:

HIGGINS & ROOT,
ASSOCIATES, A.I.A.
400 Blossom Hill Road
Los Gatos, California 95030

The Contractor and all Subcontractors under him must pay all laborers, workmen and mechanics on said work, or any part thereof, not less than the general prevailing rate of per diem wages and not less than the general prevailing rate of per diem wages for all legal holiday and overtime work in a similar nature in the locality in which the work is performed; to wit: Said West Valley Joint Community College District, said per diem wages shall not be less than the stipulated rates contained in a schedule thereof which has been ascertained and determined by the Board of Supervisors of the County of Santa Clara and which is now on file in the office of said Board, and which said general prevailing rate of per diem wages as hereinabove referred to and adopted by each craft or type of workman or mechanic needed to execute this contract, is by reference incorporated and specified herein and made a part hereof.

Each Bid Proposal shall be accompanied by a Bid Bond, duly executed by the bidder as principal and corporation authorized to do business in the State of California as surety naming the West Valley Joint Community College District as obligee, or by a cashier's check or certified check, certified without qualification, drawn on a solvent bank of the State of California, in the amount of ten per cent (10%) of the total bid submitted and made payable to the West Valley Joint Community College District.

Should the party or parties to whom the contract should be awarded fail to enter into the contract after the award, and to file the required bonds, the proceeds of said certified or cashier's check or the amount paid by the bidder or his surety pursuant to the terms of said Bid Bond, either voluntarily or pursuant to the judgment rendered by the court in any action brought thereon, will be retained by said College District as agreed and liquidated damages.

The Board reserves the right to reject any or all bids, or any or all items or alternate, or to waive all irregularities.

BY ORDER OF SAID BOARD THIS DATE
May 4, 1972
James P. Hardy, Secretary to the Governing Board of West Valley Joint Community College District.
PUBLISH: May 31, June 7, 1972.

LEGAL NOTICE

NOTICE TO PAY ASSESSMENTS
VIRGINIA AVENUE
LOCAL IMPROVEMENT DISTRICT NO. 22

NOTICE IS HEREBY GIVEN that all owners of real property liable to be assessed to pay the costs and expenses of the acquisitions and improvements described in Resolution of Intention No. 2981 adopted by the City Council of the City of Campbell on March 8, 1971, as subsequently amended, are hereby notified that on May 23, 1972, the assessment and diagram to pay the costs and expenses of said acquisitions and improvements was recorded in my office.

Said assessments are due and payable immediately at the office of the City Clerk, City Hall, Campbell, California, and must be paid within the period expiring June 22, 1972.

In the event of the failure to pay before the expiration of said period, serial bonds to represent the unpaid assessments and bear interest at the rate of not to exceed seven percent (7%) per annum will be issued pursuant to the Improvement Bond Act of 1915 and the last installment of such bonds shall mature not to exceed fourteen (14) years from the second day of July next succeeding ten months from their date.

WILLIAM G. WREN
Superintendent of Streets of the City of Campbell
PUBLISH: May 31, June 7, 14, 1972.

LEGAL NOTICE

NOTICE OF HEARING

Notice is hereby given that the Planning Commission of the City of Campbell has set the hour of 7:30 p.m. on Monday, the 19th day of June, 1972, in the Council Chambers of the City Hall, 75 North Central Avenue, Campbell, California, as the time and place for public hearing to consider rezoning of property known as 973 Apricot Avenue from C-2-S to R-1 or R-M zoning.

Map of said property on file in the office of the Planning Director, 75 North Central Avenue, Campbell, California.

Interested persons may appear and be heard at said hearing.
City of Campbell Planning Commission.
Arthur A. Kee, Secretary
PUBLISH: June 7, 1972

LEGAL NOTICE

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Clerk of the Board of Supervisors of the County of Santa Clara, State of California, in the Office of the Clerk, County Administration Building, Room 524, 70 West Hedding Street, San Jose, California 95110, up to 2:00 o'clock p.m., June 22, 1972, for THE IMPROVEMENT OF LAKEDALE AVENUE—BLAZINGWOOD DRIVE PEDESTRIAN OVERCROSSING AT LAWRENCE EXPRESSWAY, in the County of Santa Clara, State of California, in accordance with plans and specifications on file for the work in the Office of the Clerk of the Board of Supervisors.

The bids will be opened by the Clerk of the Board of Supervisors at the time and place above stated, and a report of the names of all bidders and the amount of each bid will be made by the Clerk to the Board of Supervisors at the next regular or special meeting of the Board following the date of opening of the bids.

"Workmen employed in the work must be paid at the rates at least equal to the prevailing wage rates last adopted by the Board of Supervisors of the County of Santa Clara, which rates are filed in the Office of the Clerk of the Board of Supervisors, incorporated herein by reference, and copies of which are available to any interested parties on request."

The County of Santa Clara is an equal opportunity employer and all contractors of County projects are urged to follow a policy of affirmative action in regard to the requirements of Executive Order 11246, as well as the regulations of the Fair Employment Practice Commission of the State of California.

A payment bond is required to be filed and approved by the Board of Supervisors before entering upon the performance of the work.

Each bid must be accompanied by cash, a certified or cashier's check or a bidder's bond in the sum of not less than 10% of the total aggregate of the bid, and the checks or bond shall be made payable to the order of the County of Santa Clara.

All bids must be addressed to the Chairman of the Board of Supervisors of the County of Santa Clara, and shall bear the title or name of the work to be constructed.

The Board of Supervisors reserves the right to reject any and all bids or to waive any errors or discrepancies.

Time limit for the completion of the work is 100 working days. Liquidated damages shall be assessed for each calendar day the work remains incomplete beyond the time fixed above for completion in the amount specified in Section 34 (Beginning of Work, Time of Completion and Liquidated Damages).

Plans and specifications may be secured from the Department of Public Works, 20 West Hedding Street, San Jose, California 95110, upon the payment of $25.00 per set as a deposit. If these documents are returned in good condition within ten (10) days after the date set for the opening of the bids, the full amount of the deposit will be returned. Credit will be given for specifications returned with the bid submitted to the Clerk of the Board of Supervisors.

By order of the Board of Supervisors of the County of Santa Clara, State of California, on May 30, 1972.
DONALD M. RAINS
Clerk of the Board of Supervisors

BACCALAUREATE AT CAMPBELL

Graduating seniors at Campbell High reinstated an old tradition when they voted to hold a baccalaureate this year on Sunday, June 11 from 5 to 6 p.m. in the school's auditorium.

Speaker at the baccalaureate, which was voted down last year, but was held previously, will be John Vasconcellos, assemblyman.

Introducing Vasconcellos will be Michael Grindon. Steven Davis will give the invocation and Cindy McKay will deliver the benediction.

Strains of organ music, played by Alden Skinner, will enhance the Sunday ceremony as will a vocal ensemble sung by Karen Doss, Lorrie Bryant and Jeanette Johnson.

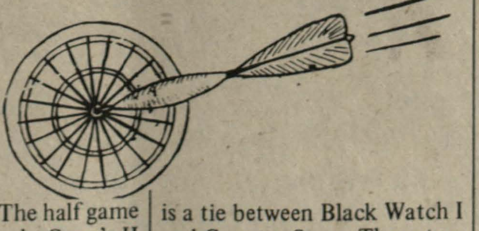
DARTING AROUND



with Tom Carroll

Tonight is the last night of the spring season of games in the Northern California Darts Assn. In three of the four divisions in the area the title has been virtually decided but the fourth will be decided in mortal combat tonight.

The "Sinners" of Winchester St. Congregation II have a half game lead over the "Villains" of Gaslighter Theater III in the South Bay League, "B II" Division. The half game exists because Andy Capp's II forfeited a match early in the season.

This left the "Sinners" playing 12 less games than the rest of the teams in the league. The third place Black Watch II is 18 games out of first place.

While the possibility exists that Lancashire Lad I could upset Scarlet LaRue's I in their match tonight, the LaRue's are nine games ahead going into the match. The Lad's would have to win all 12 games in order to go into first place in the South Bay League, "A" Division.

This is also the situation that exists in the El Camino League "A" Division. The Winchester St. Congregation I "Saints" are 11 games ahead of Scarlet LaRue's II.

Banbury Clock I has a 24 game lead in the South Bay, "B" division but second place is a tie between Black Watch I and Country Store. These two teams play tonight with the victor taking second place. Of course, the "Goof-Offs" of Lancashire Lad III could sneak in if they defeat Banbury Clock I tonight.

Mugs!

MARATHON CHAMPION---Jackie Dixon, 17-year-old senior at Westmont High School, won 6-mile Crazylegs Marathon in New York City's Central Park last Saturday, beating field of 75 women runners that included Nina Kuscsik, first gal finisher in recent Boston Marathon. Crazylegs, sponsored by Johnson Wax to introduce its new women's shaving gel of the same name, is first official race of over five miles organized especially for women. Jackie's trip was paid for by San Francisco Examiner because she was second among women in that paper's recent Bay-to-Breakers race. Jackie's Crazylegs time was 37:01.7. She led the pack virtually all the way and finished 200 yards ahead of second place Charlotte Lettis of Cambridge, Mass. Jackie is a member of the San Jose Cindergals track team and went to Cambridge, England, two months ago as an alternate member of touring U.S. International Cross-Country team. The Dixons live at 810 West Parr Ave. Here Beatrice Dixon adjusts sign on daughter Jackie's uniform.

Moreland honors retirees and scholarship winner at meeting

Moreland School District Trustees honored retiring teachers and classified personnel at a recent board meeting.

Doris von Hermann, board president, presented certificates of appreciation in recognition of service to teachers Ella Marie Fowler, Josephine Calleri, Verona Carpenter, Clara Straight and Leonard Kirkegaard.

Mrs. Fowler's career spanned 26 years, 19 of those in the Moreland District. Mrs. Straight spent 31 years in the teaching profession, 22 of those years in Moreland District. Mrs. Carpenter taught for 13½ years, the past 8½ in Moreland, Kirkegaard spent 12 years in the school district.

Walter Nagle, school custodian, was also honored by the board. Nagle is retiring after 12 years of district service.

At the board meeting the Byron T. Cross Memorial Scholarship winner was announced. Three sponsoring organizations in the district, Moreland District Teachers Association, Moreland Administrators Association and California School Employees Association combined to present a $1000 scholarship to Bill Lance, a custodian in the district for the past four years, who is working toward an education credential at San Jose State College.

Presentation of the scholarship was made by Norman Van Woerkom, principal of Strawberry Park School.

Castro Jr. High students excel

Twenty three Castro Jr. High students earned straight A's for the spring, 1972 quarter.

The eighth grade students with perfect report cards were Mike Alvares, Julie Covert, Rhonda Edwards, Susan Mauldin, Christy Niemann, Mark Smith and Bonnie Wright.

The 16 seventh graders scoring perfect marks include Michelle Aberle, Mary Asano, Jennifer Cass, Catherine Glover, Mark Hansen, Valerie Hegstrom, Peter Hendrycks, Brian Hiles, Karen Miller, Tim O'Leary, Nancy Rawlinson, Bernadette Sebban, Tate Varela, Dorie VonFrieling, Monica Zarate, and Diane Dobrowolski.

Thirty-four per cent of Castro's 454 eighth graders and 45 per cent of the school's 484 seventh grade students earned the right to be placed on the honor roll, making it a banner quarter for teens and teachers.

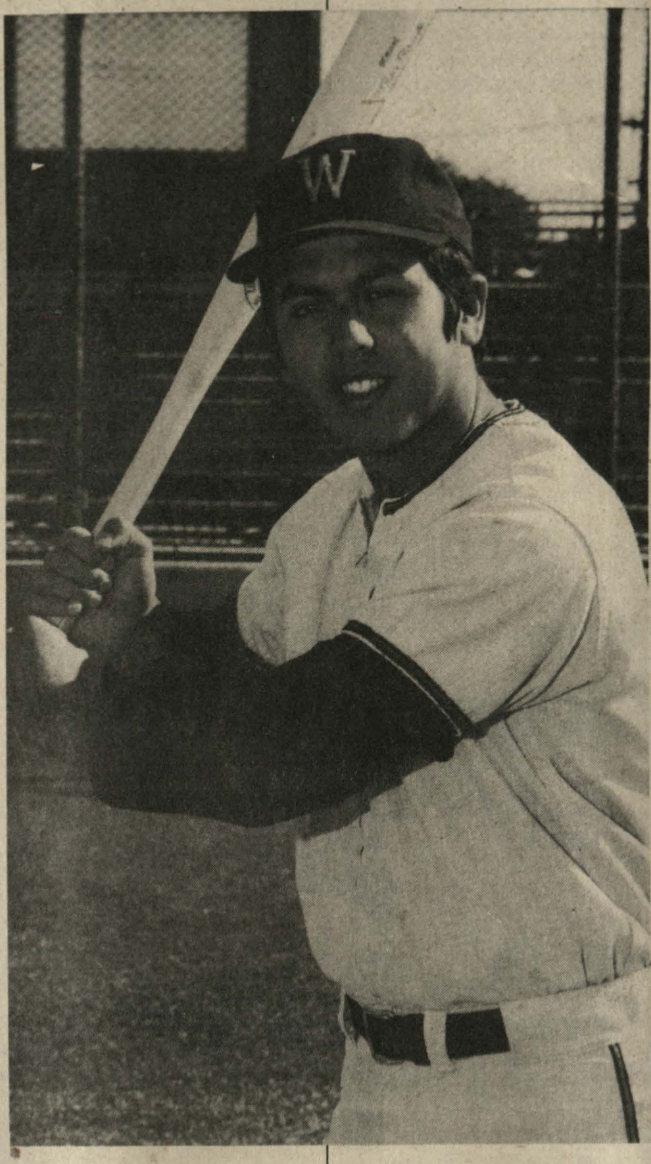
BACK NEXT YEAR---Mitch Vierra, who played high school baseball at Westmont, was a member of the West Valley College baseball team this year that set an enviable record for the season.



VIKING HURLER---Joe Alvarez, a former Campbell High pitching star, was a member of the West Valley College baseball team this year that set one of the best records in the college's history. He will be on hand again next year.

Hikers to tour high Sierras

This summer the West Valley Hiking Club is sending 16 seven-day backpacking trips into the high Sierras on different trails near Mono Hot Springs between lakes Florence and Edison.

The summer program will be topped off by three two-week trips headed for Washington State and Canada including, for the most adventurous high school students, the challenging Ptarmington Traverse in the Cascades.

In addition to backpacking along the scenic trails in the Sierras, the groups will climb such 13,000-foot peaks as Mt. Gabb and Abbot, Hooper and Henry and the unparalleled Seven Gables.

The $35 fee for the Sierra trips provides transportation, community equipment, major meals, and paid professional guides.

Along with the Sierra trips, the West Valley Hiking Club is planning a two-week cycling journey in the Gulf and San Juan Islands of British Columbia.

Young people interested in joining the growing program may phone the club's office at 374-3311, or write the West Valley Hiking Club, 409 E. Hamilton Ave., Campbell, CA 95125.

Summer fiesta will benefit JayCee projects

Campbell JayCees will sponsor their sixth annual summer fiesta at San Tomas Plaza, Campbell Avenue and San Tomas Aquino Road, for four days next week.

Ten rides, games and food will be offered by the JayCees in cooperation with Great Western Shows.

Special discount tickets can by obtained from the JayCees, allowing the bearer to six rides at half price.

Benefiting from the fiesta, in addition to the JayCees' many community projects, will be the Muscular Dystrophy Association of America. The JayCees plan to present a check to comedian Jerry Lewis at his annual Labor Day Telethon.

Obituaries

WINDSOR CUTTING

Dr. Windsor Cooper Cutting, dean of the school of medicine of University of Hawaii, passed away there last week.

Cutting was a native of Campbell and lived as a youth in a house on the corner of Central and Campbell Avenues. His father, Theodore Cutting, was a teacher at Campbell High School.

A graduate of Stanford University, Cutting was dean of the school of medicine there from 1953-1957.

Survivors include his wife, Mary, and three boys and three girls. A brother, Dr. Cecil Cutting, is associated with the bay area Kaiser Hospitals.

The 64-year-old doctor, just one year short of retirement willed his body to medicine.

MUSIC RECITAL

Sindy McKay, Karen Miller, Jeanne Traina and Sherri Young, all Campbell residents, are participating in the "Students of Music", the third annual recital of students of the Saratoga School of Music, to be held at the Saratoga Foothill Club on Sunday, June 11, at 2 p.m.

Anyone interested in attending may call Mrs. Marilyn Johnson, the school's director, at 253-8691 for further information.

ASSOCIATE DIRECTOR--Andrea Hitch, a Campbell resident, has been named associate director for the Nu Group-Phoenix Productions presentation of "Babes in Arms," which opens on June 30 in the Los Gatos Prentiss Brown Auditorium. Mrs. Hitch holds a B.S. degree in modern dance and originally hails from Dallas, Texas, where she appeared in the Dallas State Fair Musicals. Locally she has been cast in "Oklahoma!" with the Saratoga Drama Group. Other roles include Dolly Tate in "Annie Get Your Gun" and Linda Low in "Flower Drum Song".

W.V. Adventist graduates 18

Eighteen students of the West Valley Seventh Day Adventist School, 95 Dot Avenue will receive eighth grade graduation awards on Thursday, June 8, in ceremonies at Cambrian Park Seventh Day Adventist Church, 5265 Carter Ave.

Graduates include Ross Brown, Sandra Burt, Cindy Carlisle, Cheryl Duncan, Dianna French, Robert Hare, Jon Voelker, Debbie Johnson, Danny Novakovich, Joyce Prichard, Tom Rautmann, Randy Reid, Cecelia Town, Ann Marie Turner, Tom Turten, Mark Uniat, Bill Wheeler and Marilyn Wilcox.

The program will include an address by the class president, Bill Wheeler. School principal is David Escobar. Eighth grade instructor is John Graves.

NEEDY FAMILIES

Los Amigos of West Valley College are participating in a drive to provide food and clothing for 37 Salinas Valley families who have no place to live.

Persons interested in donating canned goods or clothing may phone 379-1733, ext. 78 to arrange pick up between 8 a.m. and 5 p.m., according to David Pacheco, student spokesman.

Troop 323 Eagle Scout earns his wings

Six years in Scouting culminated for Vic Carrasco, a Campbell High School senior, when he received his Eagle Scout Award in a court of honor held recently at Bucknall School.

The ceremonies, which were attended by over 100 Scouts and guests, were special in two ways.

The event, labeled "A most enjoyable and heartwarming experience," by Art Ring, advancement chairman, marked Troop 323's first Eagle Scout Court of Honor.

Even more importantly, the ceremonies are the proudest moment in a Boy Scout's life since the Eagle is one of the highest honors available in the activity-centered organization.

Among those participating in the event were Vic's father, Val Carrasco, who is an assistant scoutmaster for the troop, and Harold Brewer, the teen's scoutmaster, who did much to encourage the young man on his path to becoming an Eagle.

Over 30 Scouters in Life, Star, First Class, Second Class and Tenderfoot rank were there to congratulate young Carrasco on his achievement.

Visitors included Father Robert Leger, of St. Lucy's Church; Lucille Wong, Campbell High teacher; George Gregario, music instructor and Lalley Bruno of the YJB Engineering Machine Shop where Vic has worked part time for two years.

Norm Davis, assistant scoutmaster; Harry Oravetz, committee chairman; Larry Flagler, Fred Jones, Maxwell McIntire, Jerry Crosby, of the Council Office; Ben Johnson, unit commissioner; Art Ring, and Richard Kimery, Pioneer District executive, were also present.

HARD WORK

The long process of earning the prestigious award started for Vic Carrasco when he joined scouting at the age of 11. Through the years he won numerous merit badges, 21 of which are required for the Eagle Award.

Garnering the badges meant acquiring knowledge, participating in activities and just plain hard work. While earning the "Home Repairs" and "Citizenship in the Home" badges, Vic says he fixed furniture and machines and repaired windows at the Carrasco residence, 648 El Patio, Campbell.

Camping, safety, swimming and personal fitness are just a few of the 19 other badges which decorate the teen's Scouting uniform.

As a contender for the Eagle Award, Vic Carrasco had to go above and beyond the merit badges. Even spending six months as a Life Scout, showing leadership qualities was not enough.

The final---and possibly the biggest hurdle was a service project which would benefit the community.

Seventeen-year-old Carrasco chose to play the accordion, a long-time hobby, in local convalescent homes. The six month-long project was arranged through St. Lucy's Church, which he attends.

"I really liked it," says the teenager, who discovered that often "the people just sit there and let time pass. I would play for them," he notes, "give 'em a fast polka, give 'em a beat."

Even the paralyzed patients would try to keep time, he recalls, sometimes with just a hand or foot. After playing, Carrasco said he would go up to the patients and shake their hands, trying to cheer them up.

Now that he has earned the Eagle Award, what will Vic do?

"I have to go to college, get a steady job," says the practical teen. After completing courses at De Anza College, Vic, who will graduate from Campbell High this June, hopes to become a professional photographer.

He now takes all the pictures for Troop 323, as well as supplying photos for Campbell High's yearbook and school paper.

He may later return to Scouting, Vic speculates, possibly as scoutmaster, helping other boys earn an Eagle Scout Award, too.

BE PREPARED

HELPING HANDS---Vic Carrasco, (second from right), stands beside the Eagle Award and the people who did much to help him win it, his parents, Mr. and Mrs. Val Carrasco, left, and Harold Brewer, scoutmaster of troop 323.

HEARTY CONGRATULATIONS--Harold Brewer, scoutmaster of Troop 323, warmly congratulates Vic Carrasco, a Campbell High senior, on receiving the Eagle Award, one of Scouting's highest honors. Carrasco was presented the award during the troop's first Eagle Scout court of honor, held recently at Bucknall School.

CHICANO TALK

"Chicano in Transition" will be the topic when Dr. Uvaldo H. Palomares speaks at West Valley College Friday (June 9) at 8 p.m.

Palomares, co-director of the Human Development Training Institute in San Diego, will close out the spring series of lecturers at the college.

Tickets for his speech in the Campbell campus auditorium, corner of Winchester Blvd. and Campbell Ave., may be obtained through Community Services, 379-1733, ext. 58, or at the door.

JUNE 7:

On this date in 1908, the first aviation column in an American newspaper began in the Sunday edition of the Philadelphia Inquirer, written by John Trevor Curtis, the managing editor.

ORT

A wine and cheese tasting party will be held by the San Jose Chapter of Women's American ORT at 7:30 p.m. on Saturday, June 10, at Loomis Cellars, Town and Country Villages.

After the wine-tasting, club members will meet in the home of Phyllis Dorf for dessert.

BIRTHDAY DINNER

Games and entertainment will enhance a potluck birthday dinner to be held by the Dakota Club at 6:30 p.m. on Monday, June 12 in the Stone Church, Lincoln Ave. and Clark Way.

SCHWINN
WHEEL-AWAY CYCLE CENTER

Schwinn...
for the young in heart
Springtime! And to millions of fitness-conscious Americans that means bike time, too! Time to get out and ride.... breathe in the warm fresh air....make friends....exercise a little or a lot....and enjoy life at its healthful best. Make the most of it. Ride a new sophisticated Schwinn designed with the adult rider in mind. Quality makes the difference.... Schwinn quality that proves itself in wheels, frame, fine equipment and most important, the ride! Stop in at Wheel—Away Cycle Center, order from a big selection of 10, 5 and 3-speed lightweight models. They will assemble, adjust and personally fit your new Schwinn—All at no extra charge.
WE SERVICE WHAT WE SELL
Why buy your bike from a re-service store and assemble it yourself, or pay extra for assembly? When you buy a bike from us it's assembled, adjusted, ready to ride—and it's fine Schwinn quality, besides! You get more bike for your money and more satisfaction, too, at your factory franchised Schwinn Cyclery. Come see us today!
Schwinn Quality saves you money

ProperlyMaintainedAuto Can Help You Rekindle 'That Special Feeling'

This summer why not take your car on a second honeymoon? Certainly, bring the spouse and the children along but also rekindle that special feeling you once had with your automobile.

As you're traveling to interesting places along adventure-filled highways, it's not hard to do.

Undoubtedly, it was love at first sight when you purchased your car. Then, probably, the feeling began to wear off with one too many trips in bumper-to-bumper traffic and with those all-too-frequent reminders that the car was growing older.

But with the coming of the vacation season, you can rediscover the pleasures that come from traveling by car. Moreover, that discovery will be even more enjoyable when your car is in its optimum condition.

Start by visiting your favorite service facility.

Ask your service technician to check over key components of your car for safety and performance.

Then have him perform the services necessary to assure a trouble-free trip.

One such service is a tune-up that provides better gasoline mileage, peppier performance and an important extra benefit. That is a reduction in harmful exhaust emissions, thus helping keep the air clean.

Getting your car ready for that second honeymoon is more than merely a matter of personal choice. It's a matter of living as a concerned citizen on this planet.

Look at it this way.

If your car won't start on your driveway, then it's you and you alone who suffers.

If that same untuned car stalls and can't start on a crowded expressway, then you are inconveniencing hundreds of other motorists behind you.

Or, if you experience a blowout due to a worn tire on a sparsely traveled road, it's your misfortune.

Transfer that blowout to a fast-moving freeway and cause an accident, then you may be inviting a real tragedy to yourself and some innocent fellow motorist.

Of even further-reaching consequence if your car is a polluter, you are affecting everybody in your community.

So, getting your car in shape is an invitation to joy. It is also a sign that you care about your fellow man as well as your own family.

The pages of this section can help you discover the hows and wheres and whys of good car care. Read on, and happy motoring this summer.

Drive Easy, Breathe Easy, Cut Pollution

If you speed, you do more than run the risk of a traffic ticket. You also add to air pollution. According to Shell Oil Company, the faster you go the more fuel you burn and the more pollution you create.

Jack rabbit starts or driving with your foot riding the brake pedal also consume more fuel and create additional pollution.

Free Pamphlet Tells Solution For Pollution

A 12-page pamphlet telling "What You Can Do About Your Car's Exhaust Pollution" is available free from Champion Spark Plug Company.

The pamphlet contains information on the causes of high emissions and gives advice on how the car owner can help reduce pollution. To obtain a copy, send a self-addressed, stamped envelope to:

Dept. WY
Champion Spark Plug Company
P.O. Box 910
Toledo, Ohio 43601

Exhaust Pipe Deposits Show Engine Woes

A dry, sooty deposit on the inside of your car's tail pipe is the tip-off that the engine is wasting gas. It's not burning the fuel-air charge in the combustion chamber the way it should, and it shows in the exhaust.

Also, an oily, black deposit is a sign of burning oil, through worn rings, valve guides or other causes.

A normal exhaust pipe should show a crisp, grayish deposit. Soot, except under conditions of excessive choking or city driving, is a sign of wasted gas and the trouble may lie within the carburetor, ignition system or both.

Simple Steps Can Help Prevent Theft of Car

While waiting for a special theft protection device to be installed on your new car or "old faithful," there are several things that can be done to prevent having your car stolen.

Keep your car doors locked at all times.

Never keep valuables inside your car.

Keep only necessary items in your trunk.

Another simple way to deter car theft is to keep your car parked under a light at night, if possible.

Correctly Working Thermostat Can be Engine's Warmest Pal

Some motorists seem to think that the main function of an automobile thermostat is to allow the car's coolant to get hot enough to provide warmth through the heater to the passenger compartment in cold weather.

"Not so," cautions The Gates Rubber Company. The thermostat is a delicately calibrated instrument which is designed primarily to allow the engine to heat up to its optimum operating temperature quicker, and to maintain the temperature within a very narrow range for the most efficient operation.

The danger of the first concept is that the motorist may think he doesn't need the services of the thermostat in the warm summer months. Thus, he may neglect maintenance of this important item. Or, he could even decide to remove the stat, or have some amiable serviceman do it for him.

Operation of the cooling system with a faulty stat, or none at all, is uneconomical at best. A cold-running engine burns more gasoline, increases oil dilution, has more sludge and rust formation, plus increased piston ring wear. These can lead to shortened engine life, or even premature breakdown. And lost time and trouble during vacation travel months really hurts the pocketbook and spoils your fun.

What to do? See your serviceman. Have the stat, plus other vital cooling system parts, such as radiator cap, radiator hose, heater hose and V-belts, checked every spring and fall.

Definition of Car Check-Up: Trouble-Free Vacation Trip

In Webster's "New Twentieth Century Dictionary" there are 38 different definitions for the word "check." (You can check that if you like.)

But one definition of the word is vital to a trouble-free motoring vacation this summer. That is a thorough check of various safety and performance components. Clip this article and take it to your favorite service outlet.

Then have your serviceman look into the following for good operating condition:

☐ **A tune-up will give you sure starting, peppy performance and good gasoline mileage. It also will reduce harmful emissions. The tune-up should include new spark plugs, points, condenser, distributor and wiring check, setting timing, compression test and servicing of anti-pollution devices. Battery, electrical system and carburetor checks also should be included.**

☐ **Lubrication to prevent premature wear of vital moving parts. This should include an oil change plus filter, chassis lube and check of all hydraulic fluid levels.**

☐ **Cooling system should be cleaned and flushed and refilled with a good permanent type anti-freeze plus rust inhibitors. Also have the thermostat, fan belt, water pump, all hoses and radiator cap checked for sound condition.**

☐ **Brakes. Have brake linings inspected, adjustments checked.**

☐ **Tires and Wheels. Check tires for general condition and have them rotated. Also check wheel alignment and balance to prevent premature tire wear.**

☐ **Suspension. Check shock absorbers to prevent potential loss of control while driving.**

☐ **Visibility — Check windshield wipers, washer system, headlights, turn signals, backup and brake lights.**

With all these items in good condition you can forget about another kind of check. That's a bank check you won't have to write for expensive repairs on the road.

INCREASE TIRE LIFE

Improperly balanced wheels can reduce the life span of your tires by as much as 25 percent. Check wheel alignment and balance and rotate your tires every six months.

a GUIDE TO ESSENTIAL VACATION TIME CAR CARE

CLIP THIS FORM. *Take it with you when you drive your car into the shop for its pre-vacation inspection. Check off each entry in the boxes as you discuss with your favorite service technician what needs to be done. Give him enough time to do a good job for you. Don't wait until the last minute.*

TUNE-UP — Best way to insure carefree summer driving. Includes new spark plugs. Check points, condenser, rotor, distributor cap, carburetor, automatic choke, coil and wiring. ☐

ANTI-POLLUTION — To reduce harmful emissions. Check and service PCV-valve, emission recycling units. Replace air, oil and gas filters. ☐

ELECTRICAL/IGNITION POWER SYSTEM — Power to keep you on the go. Check battery, cables and terminals. Test voltage regulator, starter and generator or alternator. Replace blown fuses. ☐

COOLING SYSTEM — To provide a comfortable ride. Inspect radiator and coolant levels. Check and adjust fan and pulley belts, all hoses and connections. Service thermostat and air conditioning unit. ☐

EXHAUST SYSTEM — For proper emission control. Inspect manifold, muffler, tail pipes. ☐

LUBRICATION — To insure long life of vital parts. Change crankcase oil. Grease all vital moving parts. Check transmission fluid. ☐

BRAKES, TIRES AND STEERING — To insure safe driving. Check all five tires for wear. Balance, rotate and align wheels. Service master cylinder, check fluid level and adjust brake shoes. Inspect steering linkage. ☐

LIGHTS AND WIPERS — To make sure you can see where you're going, and others can see you. Check headlights, tail lights, stop lights, directionals, flashers and interior lighting. Check wiper arm tension, blade wear and windshield cleaning fluid. ☐

'What Do You Mean My Car's Brakes Are Shot?'

Police Officer Frequently Hears Motorists Object

By CHARLES BARUCH

"What do you mean my brakes are shot? The car stopped, didn't it?"

The motorist's reaction was considered not unusual by Officer Frank Blankwell. Officer Blankwell (not his real name) was completing a long, tiring day on a spot-check vehicle inspection lane near a major city. He had been listening to alibis ranging from the ridiculous to the less than sublime.

Misaligned headlights? "It's the manufacturer's fault. They should make them so they don't go out of whack," the owner said.

Bald tires? "I was going to get new ones but I haven't had time."

Bad shock absorbers? "Shock absorbers! What are they?"

As offending drivers were handed a violation notice, requiring them to have the trouble repaired and bring the car back in 10 days for a recheck, Officer Blankwell was often greeted with a scowl or muttered comments like, "Why aren't you guys going after muggers?"

Since vehicle inspections were introduced, better than 50 percent of all cars tested have failed in at least one critical safety area.

"Better Than Average"

Officer Blankwell was running a little better than the national average that day. He and his crew had checked better than 50 cars and 29 of them had defects.

Brakes and tires were the most common failings with steering and misaligned lights ranking next. Some of the cars inspected looked like refugees from a scrap yard. Officer Blankwell said:

"We're accused of discriminating against the poor man who can't afford a new car but needs transportation to get to his job. And it bothers me to tell a man he can't drive his car.

"But it would bother me even more to pull him out of a wreck caused by a tire failure at high speeds.

"And it would bother me a heck of a lot more to see some child run down because someone with faulty brakes couldn't stop in time."

Blankwell operates in an area that does not have compulsory vehicle inspection. Instead, it uses the spot check lane system where police inspect cars at random.

Said Blankwell, "I know the arguments against compulsory inspection. Our legislature apparently believes that passing an inspection gives the motorist a false sense of security and that he won't maintain his car until the next check.

"I personally can't buy that approach though. The conscientious car owner will take care of his car. The careless one needs prompting, even if it's only once or twice a year."

SPONGY FEELING?

If you step on your brake pedal and its feels spongy, chances are the problem is with a defect in the brake lines or a loss of fluid. Have the problem checked immediately at your favorite service outlet.

Help prevent your automobile from being stolen. Keep doors locked at all times and never leave valuables inside your car.

Tail Pipe Bumping

As Blankwell's crew was stowing their check equipment for the day, a car drove by. Its tail pipe was bumping on the pavement and the front wheels were wobbling.

"That's what I'm talking about," the officer said. "There are more ways to save lives than to nab a mugger."

Well-functioning wiper blades are an integral part of a safe car. Here inspections test the tension of the wiper arms. About half of all cars tested have at least one safety defect, vehicle inspectors find.

Save our Earth
FIGHT POLLUTION
"TUNE YOUR CAR"

Lots of people are concerned about pollution. But concern alone won't stop it.

Tests on cars with high emission levels show that an engine tune-up can substantially reduce pollutants. By more than 50% on the average.

So there is something that *you* can do to fight pollution. Have your car's exhaust emissions checked. If your car needs a tune-up, get one. At least once each year or every 10,000 miles. And urge your friends and neighbors to do the same.

DEPENDABLE
CHAMPION
SPARK PLUGS
Toledo, Ohio 43601

Further information is in the free factbook, WHAT YOU CAN DO ABOUT YOUR CAR'S EXHAUST POLLUTION. Send a self-addressed, stamped envelope to: Tune-Up Factbook, P.O. Box 910, Toledo, Ohio 43601.

Coolant Recovery Systems Help Prevent Overheating

Does your car's cooling system perform well *most* of the time, but give you problems under certain summertime conditions?

If so, you are not alone. Even when a cooling system is in top shape, severe demands of driving stop-and-go in the city, pulling mountain passes or crossing the desert in hot weather, can cause overheating and possible loss of coolant.

Yet, there is new help to avoid these problems. The addition of a coolant recovery system can improve cooling system efficiency and control overheating during high temperature operation.

This is a relatively simple and inexpensive device. It consists of a small, plastic reservoir tank that is mounted in some unused space under the car hood. It connects to the radiator overflow with small rubber tubing. A special radiator cap included with most system kits provides an airtight seal. (Caution: Be sure cap is of same pressure rating as the one being replaced.)

The coolant recovery system allows you to completely fill the cooling system with a water and anti-freeze mixture, replacing the usual air space left in the radiator for expansion. When the coolant in the radiator expands, it flows through the tubing into the reservoir tank Then, as the radiator cools, coolant flows back into the radiator.

Thus, no coolant is lost. The full cooling system distributes engine temperatures more evenly, avoiding "hot-spots" that can accelerate engine wear. Air in the cooling system is driven out, eliminating the major cause of cooling system rust, anti-freeze deterioration and cooling hose wear.

Best of all, a coolant recovery system can help keep your car running cool, when others are stopped by overheating.

Be Sure Your Ignition Is In Best of Condition

Of all the woes that lurk in neglect for the motorist on vacation, ignition problems top the list, according to a study made by the Missouri Auto Club, of 1,603 cars.

A break-down of the study reveals these as the most critical faults:

1. **IGNITION — 1,500 defects or .94 per car.**
2. **FRONT END — 1,450 defects or .90 per car.**
3. **BRAKES — 1,354 defects or .85 per car.**
4. **HEADLIGHTS — 1,055 defects or .66 per car.**
5. **TIRES — 922 defects or .58 per car.**
6. **STEERING LINKAGE — 402 defects or .25 per car.**

Evidence from the extensive diagnostic checks as recorded above give strong proof that every car has at least one major fault . . . a fault that is probably in your car . . . a fault that should be corrected before any vacation trip.

CAR PICTURES

If a photo is to be taken from a car, it is always best to shoot from a stopped vehicle. If impossible to stop, it is best to shoot through the front window. If you shoot out of the side window, the foreground of the scene will be blurry. Hold the camera as steady as possible (a rule in all situations) without bracing it against the car, as the vibrations will blur the picture.

BANG!

The backfiring car almost seems a relic of bygone days. However, the modern car can backfire, too — especially when the fuel mixture is too lean and the engine cold. Other possible causes are sticky or leaky valves or ignition leakage. If your car backfires, take it to your favorite service outlet.

Never "bleed" a tire, even if pressure builds up an extra six or more pounds after the tire is heated from prolonged use.

Cutting Down on Emissions Is Job of New Converter

Further reduction in harmful emissions from automobile engines will be gained soon by the introduction of catalytic converters.

According to Arvin Automotive Aftermarket, a catalytic converter can eliminate most of emissions of hydrocarbons and carbon monoxide by oxidizing them.

One of the Arvin experimental converters contains a bed of catalytic pellets through which the polluted gases pass. As the gases go through the bed, the catalytic action of the converter causes combustion or oxidation of these pollutants into harmless gases.

Two such experimental converters were successfully used in 50,000 and 68,000-mile tests in cars operating on lead-free gasoline.

The converter in which the catalyst is placed can be a muffler-like container located near the engine compartment. A conventional muffler and exhaust system is still needed to reduce noise levels from the exhaust to a low level.

One car manufacturer has already indicated that some 1973 models will be equipped with a version of catalytic converter.

Hotter Running Cars Need Lasting Coolant

In designing cars to fight air pollution, car manufacturers are building hotter-running engines that help make combustion more efficient. In addition, the growing popularity of air conditioning and other power demanding accessories tends to increase engine heat.

Therefore, use of permanent anti-freeze as a year-round coolant is recommended

Save with the best.

Replacing Transmission Filter Part of Preventive Maintenance

When your automatic transmission begins to slip you can be in deep trouble.

Here's one area where preventive maintenance pays off with a big plus. Ironically, the reliability of the automatic transmission has often resulted in its being ignored — and neglected — until too often it's too late, say Fram Corporation engineers.

Today's auto, with its bigger engine, its power steering, its air conditioning — all place a bigger burden on the automatic transmission. This burden is compounded further during hot summer months, heavy traffic or trailer towing conditions.

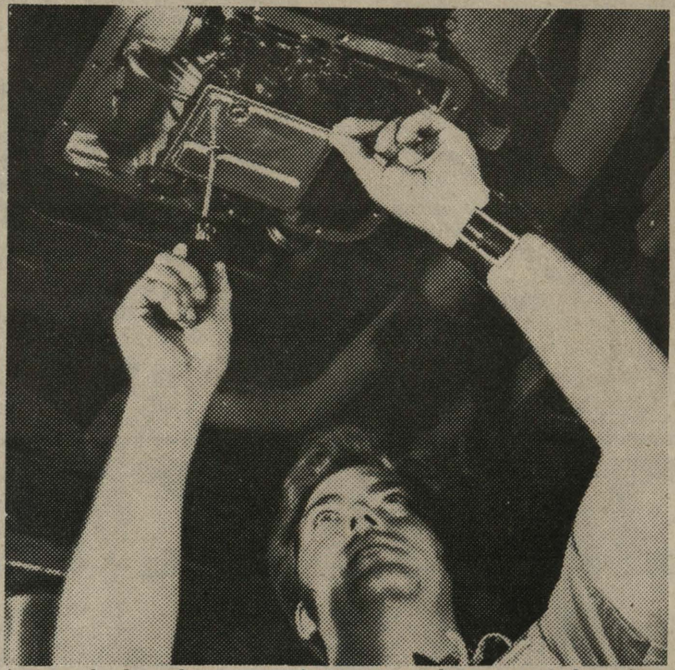
Transmission fluid performs under heat and pressure and must be kept clean by a filter.

Excessive heat creates a varnish, restricting the vital fluid flow and possibly causing expensive transmission repair or replacement.

You can avoid all of this by simple preventive maintenance. Invest in a new transmission filter and a change of fluid every 12,000 miles or every two years.

Oil companies with years of research and testing are now producing an automatic transmission fluid that not only acts as hydraulic fluid to operate the transmission but, with important additives, helps to keep internal parts clean. As clean, that is, as is the fluid itself. That's your part.

Change filter and fluid when recommended. It can be a case of paying a little now for transmission filter and fluid, or a lot later for transmission overhaul or replacement.



Among the least known (to the motorist) but most vital services is periodic changing of the automatic transmission filter. This filter helps keep transmission fluids clean and thus assists in longer service life for vital tranmission parts.

Correct Trouble Before Changing Burned Out Fuse

The next time you are faced with a burned out fuse in your home or your car, don't fix things up with a heavier rated fuse.

Refuse to re-fuse until you have found out what made the old fuse blow. A blown fuse, like a fever, tells you something is wrong. Find out what.

For example, suppose your turn signals stop working due to a blown fuse. You may put in a new one, and you are back in business . . . for a little while.

After a couple of repeat performances, you decide to ask your mechanic. His experience, like an electrician's, tells him to look for overload on a wire.

In the case of your turn signals, the bare wire would touch metal only when your car jiggled a certain way. That is when sparks would fly.

Your mechanic finds and fixes the bare wire, and your problem is corrected for good.

Merely replacing the fuse is an invitation to a fire, because a hot wire touching metal heats up like the coils in a cigarette lighter. If this doesn't start things burning, the sparks probably will.

Respect the fuse in your car as well as in your home. Keep spares on hand, but use them only after you have found out why the old one burned out . . . and after you have corrected the trouble.

LIGHT COUNT

The average car has 38 light bulbs. Every one is important. Be sure they all work.

Proper tire inflation is essential. Underinflation causes extreme sidewall flexing, builds up excessive heat, and causes rapid wear on the tire tread's outer edges.

Overinflation causes tires to run hard, subjects them to damage and weakening of the carcass, and causes excessive wear in the middle of the tread.

Check your owner's manual for recommended tire pressure.

Most Tire Repairs Are Temporary, Reports National Safety Council

Careful drivers have their tire pressure checked regularly, as the National Safety Council advises. However, in the event of a flat tire, do you know how to have it repaired properly? Many of the tires supposedly receiving "permanent repair" do not meet safety tests.

The Council warns that external repairs on tubeless tires are good only for up to 100 miles of travel at speeds not exceeding 50 miles per hour. It is recommended that these temporary repairs be used only in emergencies.

For safe and permanent repair, a tire must be sealed from the inside. The use of an outside plug is only a temporary repair. Unless the tire is removed from the wheel, it is impossible to know if the inner layer is intact and not broken, damage which is critical to the tire.

Vacation-Bound Families Can Hold Down Expenses With Car Care Check

"George Washington, if he were alive today, couldn't throw a dollar across the river. A dollar just doesn't go as far now as it did in Washington's time."

* * *

The sixth-grader who spoke those words to his classmates will soon be leaving with his family on their summer motoring vacation. And he doesn't have to tell his mother or father that a dollar doesn't go far these days.

The budget-conscious vacationer can make sure his transportation expenses are kept minimal by doing the following:

Take your car to your favorite service outlet for a pre-vacation check-up. By doing so, you can avoid unexpected problems that could take a huge bite out of your vacation budget.

Maybe It's Time to "Re-Tire"

For example, suppose your service man finds a tire in need of replacement. He may have a tire sale and can replace the tire inexpensively. Or perhaps you will have time to visit a retail outlet for a new tire.

Should the tire blow on the road, you may have to replace it at the price the traffic will bear.

Still another benefit of caring for your car before the trip is the fact that you can control the expense as you wish. Likely, you have a credit card or other budget-payment provision at the place you have your car serviced.

So you charge the service to make more cash available for your trip.

When out of town and in a strange facility, it's likely to be "Cash Only" and maybe your meal money for the next week is spent on an unexpected repair bill.

Also, a car that's put into top condition will cost less to operate.

Tuned Engines Hum

A freshly-tuned engine will reduce your gasoline bill, not to mention giving better, safer passing performance.

By proper wheel alignment, tire balancing and proper inflation, you'll save on tire wear.

In addition to financial consideration, a well-cared-for car will increase your vacation enjoyment. Riding in and driving the car will be more pleasurable.

You'll avoid unplanned-for stops caused by need for emergency repairs thus giving you more time for sight-seeing and relaxation.

Read This Section

Read the contents of this section carefully, both the articles and the advertisements. They will tell you what it takes to make sure your car is ready for that long-awaited summer vacation.

Then see your favorite service man who'll make sure your vacation dollars go as far as you want them to in a car that goes as far as it needs to on your vacation.

YOU DON'T NEED PULL

If your car begins skidding or pulling to the side when you apply your brakes, it may be a sign that your braking system needs attention. One brake is probably exerting less stopping force than the other — thus causing the skid

---

Here's a Most Revealing Test

One of the most revealing tests an experienced mechanic can make for you is a compression test, in which all spark plugs are removed and pressure readings are compared with specifications.

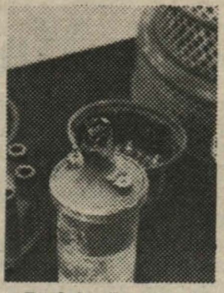
This procedure helps your mechanic determine if the problem is in valves, rings or both. Such a test usually is part of a major engine tune-up, or may cost about $5.00 or $6.00 when done as an individual operation.

A compression test can be the first step toward putting new life in the old car.

WINTER WEATHER WAN

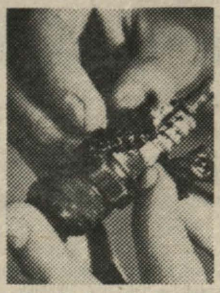
After the winter's weather has gone, strong chemicals, used for melting snow and ice on roads, may still be on your car. A thorough paint cleaning and polishing helps prevent auto body deterioration.

Avoidable Problems



Eroded coil can spoil vacation fun.

Dirty air filters suffocate engines.



Spark plug insulator break-down.

Dirty oil caps choke engines.

Spark plugs suffer "gap" problems.

Sometimes rotors have a crack-up.

The six photos above depict actual problems spotted by automotive mechanics during pre-vacation service inspections. Any one could spoil a vacation . . . every one of the above can be avoided by a visit to your favorite service technician.

SPECIAL PURCHASE!
